

COMMERCIAL TRAILERS

WHY BRIAN JAMES TRAILERS?

SMOOTH RIDE

Designed for long distance and heavy loads, our running gear features rubber torsion axles for stable, effortless towing, low maintenance sealed-for-life bearings and auto-reverse brakes for increased driving safety.

MARKET LEADERS

Our reputation for quality and reliability has made us the go-to manufacturer for the automotive logistics and motorsport industries for over 40 years.

PERSONALISATION

The modular design of our trailers means they are highly configurable with an extensive range of options enabling you to create a trailer that's perfect for you.

STRONG RESIDUAL VALUES

Our reputation for quality has ensured that our trailers have strong residual value. As well as working hard, our trailers hold their value for many years.

HIGHER STANDARDS

There is a high level of standard specification across our range, including spare wheel, locking coupling head, LED lighting, multiple strapping points and rear loading ramps.

NO HIDDEN CHARGES

All our trailers come ready for use without the need for additional options and with delivery to your local dealer included in the price.

DEALER SUPPORT

Our dealers are chosen for their high levels of customer service and aftermarket support, which combined with excellent product availability through our network, means you can find a trailer that is right for you.

AVAILABILITY

The design of our trailers and good levels of dealer stock means that a trailer can quickly and easily be configured to match your needs. We can also 'make to order' your exact specification within a short lead time.

PRICE PROTECT

Our 'Price Protect' promise guarantees the price at time of order (subject to agreed deposit), even if prices rise before delivery.

5 YEAR WARRANTY

A 5-year warranty on all BJT manufactured parts including the chassis gives you the confidence that our trailers are of the highest quality; the reason why they are chosen by professional users around the world.

CLICK & CLAMP

Auto-adjusting locking posts combined with easy-fit clamp-down sides ensure maximum rigidity and make for the quietest trailers to tow.

CHOICE OF COLOURS

Most of our commercial trailers are configurable in a choice of 5 highly durable body colour panels; Red, Anthracite, Blue, Black and Yellow.

BOX VAN

NEW BOX VAN

 **2 colours**

The Box Van brings unprecedented levels of design, build quality and specification to redefine this sector. With its uniquely designed double-function rear doors, acting as either loading ramps or split side-hinged doors, it can be used for a wide range of applications and can also be specifically configured to carry bicycles, motorbikes and karts. Available in black or white.

AT A GLANCE

- Available in a range of bed lengths from 3m to 5m and bed widths from 1.6m to 1.95m.
- Innovative split rear door combines side and bottom hinges, giving the option of doors hinging back and secured 270°, or loading ramps for wheeled-object access.
- Standard features include alloy wheels, interior and exterior LED lighting, spare wheel and central load lock rail and prop stands.
- Options include large gullwing side doors, motorcycle and bicycle storage stands and strap kits, shoring poles, additional load lock rails and kart shelf.

CONFIGURE YOUR BOX VAN...

with **Gullwing Side Doors**

These large gullwing doors provide additional access to inside the trailer

with a **Motorbike Stand**

Securely holds your bike in place during transport, ensuring stability and protection

with a **Reverse Camera**

120° camera provides assistance when reversing into tight spaces

CONNECT

- Adjustable crossmembers allow secure fixing of different-sized equipment.
- LED lights, heavy-duty jockey wheel, spare wheel, locking hitch, rear support stands and wheel nut indicators as standard.

CONFIGURE YOUR CHASSIS PLANT...

with **Front Support Stands**

Increases stability and security to the front of your trailer. Comes as standard on 3.8m model

with an **Eye Coupling**

Available for applications in which a pin and eye coupling is required

CAR TRANSPORT

Brian James Trailers started producing trailers for motorsport and car transport more than 40 years ago and we are proud to have become the industry leader in many markets for both open and enclosed car trailers. All our car transporters come with a high level of standard specification including alloy wheels, spare wheel, locking hitch. Many are available in a choice of colours.

T TRANSPORTER

Designed for professional automotive logistics, this trailer has a wide bed to accommodate larger vehicles.

NEW A TRANSPORTER

A premium car trailer with a low bed that makes it easy to load low ground clearance cars.

RACE TRANSPORTER 7

Top of the range enclosed trailer with very high standard specification including powered rear door. This trailer has a wide bed so is suitable for wider vehicles.

NEW RACE SPORT

Following the design of the Race Transporter 7, the all new Race Sport shares many of the features and options. This trailer has a low bed and provides a low loading angle.

NEW RACE BOX

Entry level enclosed car trailer with low bed providing low loading angle.

RACE SHUTTLE

Clamshell trailers for small and medium sized motorsport and classic cars.

ABOUT US

Brian James Trailers designs and manufactures trailers up to 3.5 tonnes gross weight that are built to perform to the highest standards, with an emphasis on quality, innovation, service and performance. All our trailers are designed and manufactured at our factory in Daventry, Northamptonshire, in the heart of the UK's motorsport region.

As well as our car transporter range, we also manufacture a wide range of commercial trailers. Our rugged plant and general-purpose trailers provide safe and secure transport with quiet towing characteristics for diggers, dumpers, excavators, access platforms and other machinery.

The introduction of the Box Van range redefines this category with a premium, high quality trailer designed and built to the same exacting standards as our enclosed car transporters.
